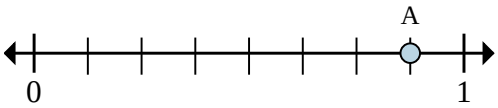
Fraction Location on Numberline

Name:

Solve each problem.

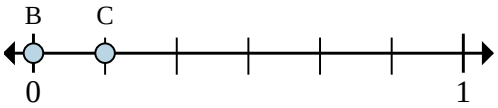
Ex)



a. This numberline is divided into how many pieces?

b. What is the location of A (written as a fraction)?

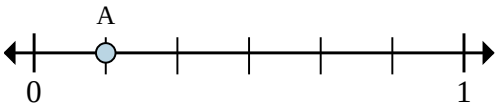
1)



a. On this numberline what is the value of 1 written as a fraction?

b. On this numberline from B to C is how far (written as a fraction)?

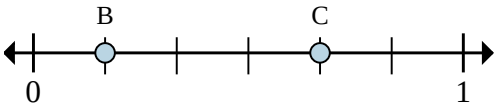
2)



a. This numberline is divided into how many pieces?

b. What is the location of A (written as a fraction)?

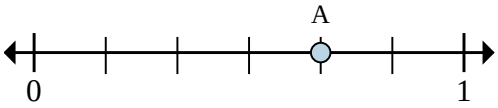
3)



a. On this numberline what is the value of 0 written as a fraction?

b. On this numberline from B to C is how far (written as a fraction)?

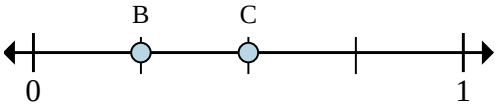
4)



a. This numberline is divided into how many pieces?

b. What is the location of A (written as a fraction)?

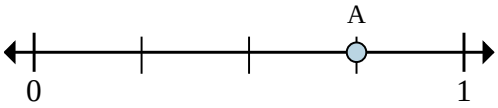
5)



a. On this numberline what is the value of 0 written as a fraction?

b. On this numberline from B to C is how far (written as a fraction)?

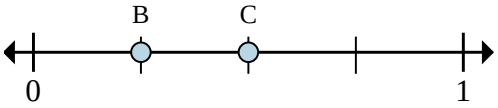
6)



a. This numberline is divided into how many pieces?

b. What is the location of A (written as a fraction)?

7)



a. On this numberline what is the value of 0 written as a fraction?

b. On this numberline from B to C is how far (written as a fraction)?

Answers

Ex.	8	7/8
1.		
2.		
3.		
4.		
5.		
6.		
7.		

1-7	86	71	57	43	29	14	0
