Solve each problem.

1) The complementary angle of 26° is _____

1. _____

2) The complementary angle of 65° is _____

2. _____

3) The complementary angle of 67° is _____

3. _____

4) The complementary angle of 20° is _____

4. _____

5) The complementary angle of 34° is _____

5. _____

6) The complementary angle of 77° is _____

6. _____

7) The complementary angle of 70° is _____

7. _____

8) The complementary angle of 28° is _____

8. _____

9) The complementary angle of 68° is _____

9. _____

10) The complementary angle of 45° is _____

10. _____

11) The supplementary angle of 122° is _____

11. _____

12) The supplementary angle of 72° is _____

12. _____

13) The supplementary angle of 166° is _____

13. _____

14) The supplementary angle of 59° is _____

14. _____

15) The supplementary angle of 93° is _____

15. _____

16) The supplementary angle of 21° is _____

16. _____

17) The supplementary angle of 89° is _____

17. _____

18) The supplementary angle of 7° is _____

18. _____

19) The supplementary angle of 176° is _____

19. _____

20) The supplementary angle of 160° is _____

20. _____

1-10	95	90	85	80	75	70	65	60	55	50
11-20	45	40	35	30	25	20	15	10	5	0

Solve each problem.

1) The complementary angle of 26° is ___64___

2) The complementary angle of 65° is ___25___

3) The complementary angle of 67° is ___23___

4) The complementary angle of 20° is ___70___

5) The complementary angle of 34° is ___56___

6) The complementary angle of 77° is ___13___

7) The complementary angle of 70° is ___20___

8) The complementary angle of 28° is ___62___

9) The complementary angle of 68° is ___22___

10) The complementary angle of 45° is ___45___

11) The supplementary angle of 122° is ___58___

12) The supplementary angle of 72° is ___108___

13) The supplementary angle of 166° is ___14___

14) The supplementary angle of 59° is ___121___

15) The supplementary angle of 93° is ___87___

16) The supplementary angle of 21° is ___159___

17) The supplementary angle of 89° is ___91___

18) The supplementary angle of 7° is ___173___

19) The supplementary angle of 176° is ___4___

20) The supplementary angle of 160° is ___20___
