

Represent each equation with numbers and symbols.

Answers

1) eleven plus nine equals twenty

1. _____

2) eighteen plus two equals twenty

2. _____

3) nineteen minus twelve equals seven

3. _____

4) sixteen minus sixteen equals zero

4. _____

5) eleven plus six equals seventeen

5. _____

6) seventeen plus three equals twenty

6. _____

7) nine plus nine equals eighteen

7. _____

8) twenty plus zero equals twenty

8. _____

9) eighteen minus twelve equals six

9. _____

10) nineteen minus thirteen equals six

10. _____

11) thirteen plus one equals fourteen

11. _____

12) eleven minus ten equals one

12. _____

13) eleven minus eleven equals zero

13. _____

14) ten plus two equals twelve

14. _____

15) sixteen minus ten equals six

15. _____

16) twenty minus thirteen equals seven

16. _____

17) fifteen plus three equals eighteen

17. _____

18) nineteen minus eighteen equals one

18. _____

19) four plus two equals six

19. _____

20) twenty minus nineteen equals one

20. _____

Represent each equation with numbers and symbols.

- 1) eleven plus nine equals twenty
- 2) eighteen plus two equals twenty
- 3) nineteen minus twelve equals seven
- 4) sixteen minus sixteen equals zero
- 5) eleven plus six equals seventeen
- 6) seventeen plus three equals twenty
- 7) nine plus nine equals eighteen
- 8) twenty plus zero equals twenty
- 9) eighteen minus twelve equals six
- 10) nineteen minus thirteen equals six
- 11) thirteen plus one equals fourteen
- 12) eleven minus ten equals one
- 13) eleven minus eleven equals zero
- 14) ten plus two equals twelve
- 15) sixteen minus ten equals six
- 16) twenty minus thirteen equals seven
- 17) fifteen plus three equals eighteen
- 18) nineteen minus eighteen equals one
- 19) four plus two equals six
- 20) twenty minus nineteen equals one

Answers

1. $11 + 9 = 20$
2. $18 + 2 = 20$
3. $19 - 12 = 7$
4. $16 - 16 = 0$
5. $11 + 6 = 17$
6. $17 + 3 = 20$
7. $9 + 9 = 18$
8. $20 + 0 = 20$
9. $18 - 12 = 6$
10. $19 - 13 = 6$
11. $13 + 1 = 14$
12. $11 - 10 = 1$
13. $11 - 11 = 0$
14. $10 + 2 = 12$
15. $16 - 10 = 6$
16. $20 - 13 = 7$
17. $15 + 3 = 18$
18. $19 - 18 = 1$
19. $4 + 2 = 6$
20. $20 - 19 = 1$
