

Use multiplication rules to determine the missing remainder for each problem.

Answers

1) $9,178 \div 10 = 917 \text{ r } \underline{\hspace{2cm}}$

2) $4,253 \div 5 = 850 \text{ r } \underline{\hspace{2cm}}$

1. _____

3) $8,288 \div 5 = 1,657 \text{ r } \underline{\hspace{2cm}}$

4) $778 \div 2 = 389 \text{ r } \underline{\hspace{2cm}}$

2. _____

5) $49 \div 10 = 4 \text{ r } \underline{\hspace{2cm}}$

6) $95 \div 10 = 9 \text{ r } \underline{\hspace{2cm}}$

3. _____

7) $75 \div 5 = 15 \text{ r } \underline{\hspace{2cm}}$

8) $82 \div 5 = 16 \text{ r } \underline{\hspace{2cm}}$

4. _____

9) $162 \div 2 = 81 \text{ r } \underline{\hspace{2cm}}$

10) $5,025 \div 10 = 502 \text{ r } \underline{\hspace{2cm}}$

5. _____

11) $950 \div 5 = 190 \text{ r } \underline{\hspace{2cm}}$

12) $46 \div 2 = 23 \text{ r } \underline{\hspace{2cm}}$

6. _____

13) $27 \div 2 = 13 \text{ r } \underline{\hspace{2cm}}$

14) $68 \div 5 = 13 \text{ r } \underline{\hspace{2cm}}$

7. _____

15) $5,274 \div 2 = 2,637 \text{ r } \underline{\hspace{2cm}}$

16) $754 \div 10 = 75 \text{ r } \underline{\hspace{2cm}}$

8. _____

17) $89 \div 5 = 17 \text{ r } \underline{\hspace{2cm}}$

18) $62 \div 10 = 6 \text{ r } \underline{\hspace{2cm}}$

9. _____

19) $87 \div 10 = 8 \text{ r } \underline{\hspace{2cm}}$

20) $44 \div 5 = 8 \text{ r } \underline{\hspace{2cm}}$

10. _____

11. _____

12. _____

13. _____

14. _____

15. _____

16. _____
