

**Solve each problem.****Answers**

- 1) At the school's book fair Tom bought three adventure books and twenty-seven mystery books. If seven of the books were used, how many new books did he buy?
- 2) For Halloween Janet and her sister combined the candy they received. Janet had twenty-one pieces of candy while her sister had six. If they ate eight pieces the first night, how many pieces do they have left?
- 3) The school cafeteria ordered twenty-nine red apples and twenty-six green apples for student's lunches. But, if only forty-seven students wanted fruit, how many extra did the cafeteria end up with?
- 4) Frank started his own lawn mowing business. In the spring he made twenty-four dollars mowing lawns and in the summer he made twenty-five dollars. If he had to spend forty dollars buying supplies, how much money did he end up with?
- 5) A waiter at 'The Greasy Spoon' restaurant had thirty-one customers to wait on. During the lunch rush he added another twenty-five customers. If forty-six of the customers didn't leave him a tip, how many customers did leave a tip?
- 6) Nancy had twenty-nine math problems and seven science problems for homework. If she finished fifteen of the problems at school, how many problems did she have to do for homework?
- 7) There were two girls and thirty-eight boys trying out for the school's basketball team. If only eighteen of them got called back, how many students didn't make the cut?
- 8) Paul was trying to expand his game collection. He bought forty-nine games from a friend and bought four more at a garage sale. If sixteen of the games didn't work, how many good games did he end up with?
- 9) Robin and her mom were picking carrots from their garden. Robin picked twenty-nine and her mother picked twenty-six. If only thirty-nine of the carrots were good, how many bad carrots did they have?
- 10) Olivia bought two coloring books. One had eleven pictures and the other had twenty-five. After one week she had already colored fifteen of the pictures. How many pictures does she still have to color?

1. _____
2. _____
3. _____
4. _____
5. _____
6. _____
7. _____
8. _____
9. _____
10. _____
