Name:

Solve each problem.

1) Luke was organizing his baseball cards in a binder with nine on each page. If he had thirty-eight new cards and sixteen old cards to put in the binder, how many pages would he use?

2) Oliver made six dollars mowing lawns and two dollars weed eating. If he only spent four dollar a week, how long would the money last him?

3) Gwen's class is going on a field trip to the zoo. If each van can hold four people and there are eleven students and five adults going, how many vans will they need?

4) Emily uploaded thirty-three pictures from her phone and nine from her camera to Facebook. If she sorted the pics into six different albums with the same amount of pics in each album, how many pictures were in each of the albums?

5) Jerry was helping the cafeteria workers pick up lunch trays, but he could only carry four trays at a time. If he had to pick up four trays from one table and eight trays from another, how many trips will he make?

6) A group of three friends went into a restaurant. The chef already had nine chicken wings cooked but cooked six more for the group. If they each got the same amount how many would each person get?

7) For Halloween Haley received four pieces of candy from neighbors and twenty-eight pieces from her older sister. If she only ate eight pieces a day, how long would the candy last her?

8) Maria and her friends were recycling paper for their class. For every seven pounds they recycled they earned 1 point. If Maria recycled fifty-two pounds and her friends recycled eleven pounds, how many points did they earn?

9) A vase can hold six flowers. If you had ten carnations and two roses, how many vases would you need to hold the flowers?

10) A toy store had two giant stuffed bears in stock when they got another shipment with seven bears in it. The put the bears onto shelves with three on each shelf. How many shelves did they use?

1. _____

2. _____

3. _____

4. _____

5. _____

6. _____

7. _____

8. _____

9. _____

10. _____

1-10 | 90 | 80 | 70 | 60 | 50 | 40 | 30 | 20 | 10 | 0
